Subject: Scoping meeting input

Hi Kathy, Here's my best recall as to what I said at the meeting. Feel free to get your red pen and modify as necessary. Jayne

My name is Jayne Alchorn. I live on River Rd in Courtland, CA. Being in a wheelchair and unable to reach your podium makes it overwhelmingly evident that I am physically challenged. I am a victim of one of the more rare forms of West Nile Virus-I have polio as a result of being bitten by a very sick mosquito. Five weeks in the hospital- several CAT scans, several MRI's and finally, a spinal tap brought forth the diagnosis and the fact that never again will I walk unaided.

My life changed literally overnight.

As a spokesperson for the Sacramento-Yolo Vector Control District I am all too aware of the dangers lurking in standing water and flooded areas. The idea that limitless acres would deliberately be made breeding grounds for disease is unthinkable.

Also, the impact on our agro business would be devastating. Clearly, the individuals who are putting forth these ideas have no knowledge of our area, our way of life or the intelligence and fortitude of the people they purpose to impact. Thank you.
